The Italian-American community has also made its mark on American society through its ingenuity. Did you know that the Jacuzzi family invented the water pump that led to the famous whirlpool bath? If you play hockey or like to figure skate, thank Frank Zamboni for inventing the ice resurfer. If you enjoy looking at images of our Solar System, thank Carolyn Porco, a planetary scientist known for her work in imaging breakthroughs for Jupiter, Saturn, and Neptune.

Hockey interest meetings will be held at Harrison High school on Thursday November 4th in the gym.
